

**LIST OF PAPERS FOR THE FORTHCOMING ISSUE OF INDIAN MINERALS,
VOLUME 59, NO. 3&4, (July- December, 2005)**

- | | | |
|---|--|--|
| 1 | S. K. Sengupta et.al | Mineral chemistry by sem- EDX of REE phases in the alkaline carbonatite complexes of Tamil Nadu. |
| 2 | D. K. Saha
P. K. Chakraborty
and
K. Choudhury | Resistivity Survey for groundwater and environmental studies in Kalyni- Naihati area, West Bengal. |
| 3 | M. C. Saha
T. Bhattacharya
And .K. Roy | Determination of trace metals at very low levels by flame atomic absorption spectrometry (FAAS); A comparative study of extraction of metals with various acid digestion mixtures. |
| 4 | Basab Mukhopadhyay, S.
Chattopadhyay, N. Hazra, T. K.
Pyne and Debkumar Bhattacharya | Application of Multithematic GIS Modelling for Prospectivity Mapping of Vein Type Copper Mineralisation in Singhbhum Shear Zone (SSZ) Jharkhand , India. |
| 5 | L. N. Singh
R.L. Regar
S.L.Singh
And S. Banglani | Transect mapping for bedrock topography and delineation of lignite – bearing horizons in Barmer dist. Rajasthan. |
| 6 | B. L. Saini
O. P. Meena
And R. G. Vijay | Determination of trace elements in stream sediment and soil samples in the lower limits of detection by atomic absorption spectrophotometer. |
| 7 | S. N. Meshram, A Sonakia, and S.
Biswas | Did Elk (Arctic Deer) Occur in Peninsular India. During the pleistocene |
| 8 | A.K. Saxena and N.K. Sahiwala | A preliminary evaluation of efficacy of gravity survey in Exploration for lignite in the Palana lignite field, Dist Bikaner , Rajasthan. |
